A THOUGHT

Please clear away unsightly trash
And plant some flowers or tree—
Along your drive beside the road,
Where all who pass may see.
'Twill lift the hearts of those now
sad
And weary with life's load—
If you will plant Magnolia trees
Some place beside the road.

**At the NEW YORK WORLD'S FAIR
We Made an Outstanding Exhibit of Our
"Glories of the Garden." Did You See It?**

Included was America's most unique and diversified perennial rockery in which were shown over 2,000 plants in 200 varieties. 600 Hardy Phlox in massed plantings made a colorful display. 400 Roses, including our famous All-American Collection, drew many admiring comments.

**WERE
YOU
THERE?**

Over 1000 Lilies in the varieties shown in this book lent their graceful beauty. Cushion 'Mums, Evergreens and many other varieties of ornamental plants went to make up an outstanding exhibit.

Remember, we were the only nursery West of New York State to exhibit in "Gardens On Parade."

A Personal Message from the Founder

TO OPEN OUR
46TH YEAR

Middlebury, Indiana, December 15, 1940

DEAR FRIENDS AND CUSTOMERS:

Forty-six years ago, the writer founded the Krider Nurseries six miles distant from our present plant at Middlebury, Indiana. Starting with 30 acres of land, we have built our venture into one of the largest in the Middle West. Our nursery now comprises 540 acres; 380 of which is in young cultivated stock from which we supply our catalog trade.

Every item in this catalog we have growing in various quantities here on our grounds. We claim to have the most diversified nursery in America. Here we maintain a garden in which every item in this catalog is properly shown and arranged.

We built an outstanding garden at the New York World's Fair where we showed a complete line of nursery stock properly arranged for the benefit of our customers. For those who visited our garden in "Gardens on Parade" during the 1939 and 1940 Fair, we hope you enjoyed our efforts. The outstanding plants at the Fair have now been transported to our home grounds at Middlebury, Indiana. The two outstanding Rockeries which we showed there in an attempt to educate our customers that they can have an outstanding perennial and rock garden under the shade of large trees in their own back yard, we have moved to Middlebury, and they can be seen under the shade of a mammoth Elm tree near our office.

The writer has covered forty states the past year in an attempt to find new things and the best things for our customers throughout the Union. The Ocean Spray which we feature in the back of this catalog was discovered by us in 1935 in Western Oregon. It has taken five years to work up a stock sufficient to supply our trade.

Our All-American Rose Collection, Phlox Collection and Lily Collection are all arranged to give complete satisfaction to our customers throughout the country. These were in our World's Fair garden in New York, and their quality and beauty speak for themselves.

This copy is our black and white issue, featuring most of the things to be found in the New York World's Fair garden. We publish a 72-page catalog; 32 pages in four colors, showing most of the new creations in proper color. If interested in this, it will be mailed you free on request. Please ask for colored catalog when writing.

Also we publish a complete garden guide for the benefit of our friends and customers, showing proper planting directions on all types of homes and all types of borders. We have tried to embody in this book the answers to all the thousands of inquiries which come to us relative to how, when, where, and why to plant.

We have spent more than \$3,000.00 to make this book available to our customers, and it's yours for 10c to pay postage and packing. Just clip this offer out of the letter, enclose it with 10c, coin or stamps, and mail it to us at once and get your copy. You will be more than pleased.

May we serve you further? Write us. All inquiries will be carefully answered. Forty-six years of experience will help you avoid mistakes.

Very truly yours,
VERNON H. KRIDER, Gen. Mgr.

ORDER EARLY and GET 20% FREE STOCK

ORDERS WILL BE SHIPPED AT PROPER PLANTING TIME

Most people wait until the first warm days of spring before they think of, and plan their orders for nursery stock. If we can induce part or all of our customers to send in their orders early we can distribute the work over a longer period of time and handle it with a smaller working force. This means a considerable saving in time and money to us, and we will gladly pass this saving on to those who order early.

20% DISCOUNT FOR EARLY CASH ORDERS RECEIVED BEFORE MAR. 15TH

On all orders of \$5.00 or over received before March 15th, we will allow you to select 20% of the amount of your order in additional stock free of charge. In other words, on a \$5.00 order you select \$1.00 in additional stock; on a \$10.00 order you select \$2.00 in additional stock, etc. Remember this offer applies only to orders of \$5.00 or over, accompanied by remittance in full, and they must be received before March 15th.

Notice: Southern orders can be shipped any time after January 1st.

No orders will be booked or sent unless 25 per cent of amount is sent with order.

GENERAL INFORMATION

Location: Our nursery is located at Middlebury, Ind. Here we have our offices and 540 acres of as fine nursery land as can be found. We are just north of U. S. Route No. 20; 15 miles east of Elkhart, Ind. We are 12 miles south of U. S. Route No. 112 which you leave 1 mile west of White Pigeon, Mich. Indiana State Route No. 13 passes along our grounds.

Claims: All claims for shortage must be made within 10 days after stock is received. No attention will be paid to claims made months after the goods have been received.

Remittances: Make all remittances by post office money order, express money order, draft or check. Do not send cash unless you are sure to register your letter. We accept checks from responsible persons. Please do not send stamps and we ask that you make your order for at least one dollar. We assume no responsibility for remittances lost in the mail.

All Our Stock is State Inspected and Carries the Inspection Certificate

All our stock is state inspected and each shipment carries the inspection certificate. We are also complying with the inspection laws of every state into which we ship. Their certificate (if necessary) accompanies the shipment.

Don't be misled and buy cheap, peddled stock unless you know its origin.

Free Planting Instructions An Extra Krider Service

Remember, if you order from Krider we send full and complete planting instructions with each order.

This is a service which makes it easy for even a novice to grow beautiful plants and flowers.

Sometimes the nature of your order necessitates it being shipped in more than one package. In that event instructions covering the particular types of plants contained therein will be sent with each package.

Order from Krider and be satisfied.

Krider's Gilt Edge Guarantee

We guarantee to deliver nursery stock anywhere in good growing condition and will **replace free of charge** the following season any that fails to grow, if you feel that it is the fault of the stock. This guarantee protects you from loss. The only condition being, should any stock purchased from us fail to live and grow, such loss **must** be reported to us not later than July 1st, 1941. After this date no attention will be paid to complaints except that new stock will be furnished at one-half price, provided we are notified by September 15th, 1941. We believe our customers will agree that by this date the quality of the stock is established, and losses after this date are due to circumstances beyond our control.

Remember, a plant is a living thing, the same as any animal or human being. It feeds, drinks and breathes, and is subject to attacks by insects, disease and drought. We guarantee that each plant shall be true to name, otherwise we will replace free of charge or refund purchase price of any proven not to be so. We guarantee that each plant shall be of a size and quality as shown in this catalog, and that it will reach the customer in good growing condition. We will replace any stock not in good condition when it reaches you.

Note: If stock is damaged please favor us by getting agent or postmaster to sign receipt to this effect. This will enable us to recover damages.

You will find us at all times willing to do all in our power to please you. However, it is mutually agreed between ourselves and customer that we cannot be held liable for any amount greater than the original purchase price.

Shipping Charges

You are to pay shipping charges on Express and Freight shipments to your agent upon arrival.

We prepay all items that go by Parcel Post and which are so marked in this book.

When your order consists of part postpaid and part express items, add 10% to the express items and we will prepay the entire shipment. Express charges usually are about 10% of your order. All stock guaranteed to reach you in good condition.

Customers west of Denver add 10% to all prepaid orders for extra postage or express.

IMAGINE! 5 Varieties of FRUIT on One Tree!

We wish we could impress upon everyone that these are not only novelty fruit trees but that they are the answer to our modern idea of space saving and utility. No need to have lots of ground to have fruit trees in variety.

5-N-1 APPLE Think of having five delicious varieties of apples on one tree! Red June, Anoka, Double Red Rome Beauty, Yellow Delicious, Jonathan, all on one sturdy tree.

3-N-1 APPLE If you do not care for five apples on one tree, we offer this famous tree with three varieties.

THE FAMOUS 3-FRUIT TREE Almost an Orchard in Itself

Three delicious varieties of fruit on one tree! Early Golden Apricot, Burbank Plum and Elberta Peach. Think what a tree like this would mean on your grounds! Fresh fruit of three kinds, yet space occupied by only one tree.

5-N-1 PEACH Five of the best peach varieties on one tree. Delicious peaches all through the season right from your own tree if you plant one of these.

5-N-1 PLUM Fresh plums throughout a long season! Five of the finest plums all from one tree.

3-N-1 CHERRY Sweet and sour cherries in abundance in just a short time if you plant this tree.

3-N-1 PEAR This tree will provide pears in three wonderful varieties over a long season. A real value at our low prices.

No Better Roses Grown

The twelve varieties of Roses shown on these two pages made a wonderful showing in our "All-American" planting at the New York World's Fair.

Each year hundreds of new Roses are introduced. As it would be impossible to catalog them all, we have adopted the policy of selecting those which in our estimation are the twelve outstanding Roses of the year and making these into this "All-American" Collection.

We offer you this year's collection with a great deal of pride. These twelve Roses have proven themselves to be hardy in all sections, they are prolific bloomers and the color range is superb. They excited the comments of thousands of World's Fair visitors and we are pleased to offer them to you, exactly as they were exhibited in "Gardens on Parade."

EDITH NELLIE PERKINS. Shapely, two-toned pink flowers produced in great abundance. Color is coppery rose outside and soft salmon-pink inside. Mildly fragrant.

DUQUESA DE PENARANDA. Large, double flowers of cinnamon-peach color; fragrant. Strong, upright plants with attractive foliage. The autumn bloom is especially fine, with larger, darker flowers.

ETOILE DE HOLLANDE. Large crimson flowers with velvety finish and especially fine fragrance. Branching plants with very large, healthy foliage.

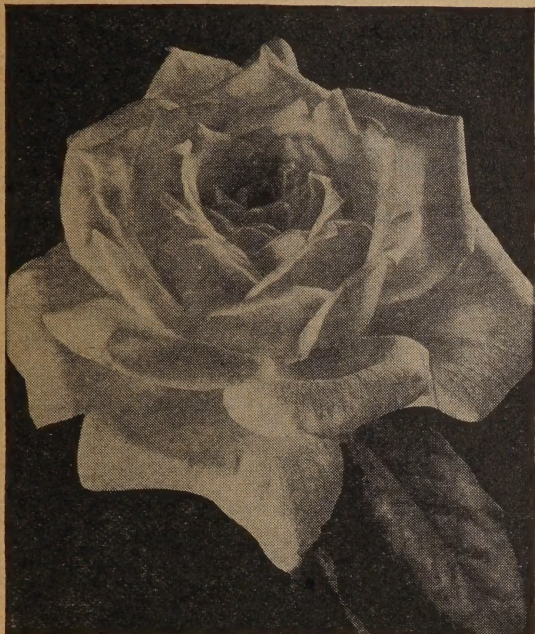

SISTER THERESE. Semi-double, cupped flowers of golden yellow, with edges of petals spotted madder-carmine. Sweetbrier fragrance.

CONDESA DE SASTAGO. Cupped flowers of fiery copper inside and rich gold on the reverse. Enticing raspberry fragrance. Vigorous branching plants.

HINRICH GAEDE. Nasturtium-red buds opening to large, double, orange-yellow flowers, flushed with nasturtium-red. Fine plants with beautiful foliage.

K. A. VICTORIA. Creamy buds and perfect, snow-white blooms tinted lemon-yellow at center; fragrant. Medium upright growth.

PINK DAWN. A fine, deep rose-pink flower, opening to lively pink with an orange base; sweetly fragrant. Vigorous upright habit.

AMI QUINARD. Tall, branching plants with medium-sized, semi-double flowers of deep velvety crimson. Strong, lasting fragrance.

EDITOR McFARLAND. Perfectly formed flowers of brilliant, unfading pink which retains its form and lasts longer than any other rose.

CHRISTOPHER STONE. Outstanding in any group of red Roses. There's a velvety glow to the petals which gives the flower an added charm. Warm, spicy fragrance.

GOLDEN OPHELIA. Profuse bloomer of rich buttercup-yellow; very fragrant, and one of the best yellows.

Krider's Roses were a Hit at New York World's Fair TWO SUCCESSIVE YEARS

WERE
YOU
THERE?

Approximately 500 Krider Roses were used in plantings in our "Glories of the Garden" Exhibit at the New York Fair.

One large bed contained 10 each of the 12 varieties shown on the preceding two pages and was called the "All-American" planting.

Nearly 40 other varieties were shown in various plantings.

Their rapid growth, freedom from disease, free-blooming habit and wide color range received much comment from visitors. They bore out our motto, "No Better Roses Grown" in splendid fashion.

Rose buyers, stop and consider! We offer you as fine Roses as you can buy and we offer them to you at prices you can afford to pay. Why pay two or three times our prices and secure exactly the same quality of plants? Every Rose we sell is first class, 2-year, field-grown, and is fully **guaranteed to grow** under our guarantee on page 3. We send them postpaid to your door. Consider these points and we believe you will decide to buy your Roses from Krider.

Gentlemen:

At your display at the World's Fair is a group of "Los Angeles" Roses that is just about the finest thing I have ever seen.

But what I want to know from you is: when the Fair is over and you have to dig up those plants of Los Angeles, will you sell them to me?

I have grown the Los Angeles before, but nothing like yours, and I know of no Rose that can approach it in form and color.

Yours very truly,

AMERICAN BEAUTY. The old favorite deep pink Rose. Double, fragrant, always in demand.

AUTUMN. One of the best of the two-toned Roses. Red streaked with gold and coral. Free bloomer.

BETTY UPRICHARD. Salmon-pink stained coppery pink on the outside. A beautiful novelty Rose.

BRIARCLIFF. A magnificent silvery pink Rose. Large blooms borne profusely on a sturdy bush.

CHAS. K. DOUGLAS. Prolific grower and bloomer. Rich, satiny dark red color and fine for cutting.

COLUMBIA. One of the finest of all pink Roses and the parent strain of many of today's beautiful pink shades. Excellent in bud for cutting.

DAME EDITH HELEN. One of the truly great pink Roses. Vigorous and sturdy, it bears blooms of a shading and size found in scarcely any other Rose.

E. G. HILL. Claimed by rose lovers as one of the finest red Roses.

FRANCIS SCOTT KEY. Red, shading to cerise; very large, with a profusion of petals; high center.

FRAU KARL DRUSCHKI. Sometimes called the White American Beauty. Will thrive under all conditions.

GOLDEN DAWN. Very popular bedding Rose. Rich yellow with slight red shading. Hardy; prolific.

GRENOBLE. Brightest clear scarlet. Very desirable for cutting or bright colorful beds.

GRUSS AN TEPLITZ. Rich black-maroon. Blooms are clustered. Rapid grower and prolific bloomer.

HADLEY. A favorite Rose loved for its good color, rapid growth and hardiness.

JOANNA HILL. A truly great yellow Rose. Much used for greenhouse forcing but also excellent for outdoor growing. Long, pointed, graceful buds hold their shape well.

KILLARNEY, DOUBLE WHITE. All the good characteristics of the Pink Killarney except the color is pure white. Blooms are very double and large.

LADY HILLINGDON. One of the favorite yellow Roses.

LEONARD BARRON. A strong grower and produces great quantities of large, double, salmon-pink blooms.

LUXEMBOURG. A magnificent Rose of beautiful coppery yellow. Free bloomer and sturdy grower.

MARGARET MCGREDY. An excellent Rose whose scarlet blooms are borne profusely all season.

MARY, COUNTESS OF ILCHESTER. One of the favorites whenever deep pink Roses are mentioned.

MEVROUW G. A. VAN ROSSEM. One of the finest of the Van Rossem introductions. Rich deep gold distinctly veined with red. Beautiful in bud for cutting.

MME. C. CHAMBARD. Large double deep pink. Heavy bloomer.

MME. JOSEPH PERRAUD. A distinctive French introduction of glowing deep coppery orange. Strong, abundant bloomer.

PADRE. An exceptionally good two-toned Rose of Spanish origin. Satiny coral and gold blend.

PICTURE. Warm, glowing pink with salmon undertones.

PRESIDENT HERBERT HOOVER. Accepted as one of the greatest of all Roses. Hardy, free blooming and colorful. Shades of red, orange, coral and gold blended make it a world favorite.

ROSLYN. Has earned a place among the famous yellow varieties. Blooms hold their bud shape well. Much planted for cutting.

SUNBURST. One of the Pernet introductions. Noted for the length of time it holds its long, pointed buds. Yellow and orange blend.

TALISMAN. Probably the best known of the Roses. Its distinctive blending of red and gold make it admired by all growers. The plant is extremely hardy and vigorous. Very prolific bloomer.

America's Sweetheart Rose

CECILE BRUNNER

Floribunda type. Prolific in growth and bloom. Intensely double blooms of ivory-pink appear in great numbers from early summer until late fall. Fine for massed beds.

The Family of McGredy

Perhaps no family connected with Rose growing and Rose history is so well known and so highly regarded as is the family of McGredy. Their work with Roses has been responsible for many new introductions. Out of all the varieties introduced by this illustrious family we have selected these five as being representative of their best. Each one is an outstanding Rose. Sturdy and vigorous in growth, beautiful in bud or bloom, free flowering and wonderful coloring. These points make these Roses desirable for any planting, whether large or small. If you want the best in Roses, order "The Family of McGredy." Will bloom this year.

"HOW TO GROW ROSES"

Consider these simple instructions and you will have little difficulty in growing beautiful Roses. Sunny location so that it gets sunshine at least part of the day. The soil should be clean and mellow with fertilizer well worked in, rotted manure being best. The plants should be unpacked as soon as they are received, and planted. If you are unable to plant immediately upon receiving them, they should be heeled in, (buried) in moist dirt until you are ready to plant. Never allow to stand and dry out. In planting, set the plants so that the bud, or joint, above the roots is about one inch below the surface of the ground. The holes should be dug large enough so that the roots may be spread out naturally. Make sure that all the fibrous roots are firmly packed by shifting and tamping. Be sure to thoroughly soak the fresh planting, and never allow it to dry out or the soil to cake. After planting and wetting, mound up the soil four or five inches high around each plant. Cut off all the branches about an inch above the ground, leaving it this way for ten days or two weeks or until the buds start to show. The soil can then be leveled off. Roses that are handled in this manner rarely fail to grow. If Roses are planted with the tops left exposed to the drying winds they will shrivel and die before they start to grow. Allow 18 to 24 inches of space between plants.

Rose-Covered Archway—Easily Constructed and Beautiful

Correct depth for planting Roses. Bud $1\frac{1}{2}$ inches below surface. Cut back branches as shown above.

Prune Hybrid Tea Roses as shown by black lines.

Soilmaster

APPLY ANY TIME OR ANY PLACE, DOES NOT BURN

Soilmaster is a decomposed, concentrated leaf-mold and decayed vegetation. This is the humus to use on lawns, around shrubs and in your garden. Holds seven times its weight in moisture, and is a good fertilizer. Rejuvenates gardens, lawns, shrubbery and trees; is a natural plant food, a natural soil builder; far superior to stable manure, has the same fertilizing value, is clean, odorless and does not burn; and can be applied any time and anywhere.

Two-bushel bag for only \$1.00. Not subject to any cash discount. Shipped by Freight collect from Berrien Springs, Mich.

Roses like a lot of moisture but will not stand water standing around the roots, so make sure that drainage is provided beneath the bed.

For insect attacks by aphids (green lice), etc., use any of the good standard sprays applied according to directions on the package.

Rugosa Roses are used the same way as shrubs.

Polyantha Roses (Baby Ramblers) are used in massed beds or borders. They bloom all summer.

Patent No. 10

The great blazing red everblooming climber which took the country by storm when introduced a few years ago. Held by many to be the finest climber of all time. All the hardiness, strong growing habit and quality of its parent, Paul's Scarlet, plus the trait of being an everbloomer. We heartily recommend this fine climber to anyone who is seeking the most in satisfaction from climbing Roses.

The Sweet-Scented Garland Flower

DAPHNE CNEORUM

Thousands admired Daphne in our World's Fair Garden. Its dwarf spreading branches covered with small, slender leaves make pretty trails of blue-green foliage, which is evergreen. The real thrill and joy comes in April and May when the soft pink flowers appear in such profusion as to make the entire plant appear as a low pink mound. They fill the air with a particularly sweet and penetrating fragrance. Truly one of Nature's finest. Heavy rooted, 6-year-old plants, will bloom this year and give immediate effect.

Giant PACIFIC HYBRID *Delphiniums*

**COLORS NEVER
BEFORE SEEN**

Sensational!

These are the new Delphiniums you have been reading about in all the garden magazines. They have swept flower lovers off their feet from coast to coast. Words cannot adequately describe the elegance and beauty of this marvelous new strain of Hybrid Delphinium. Giant stalks bearing flower spikes of enormous size. Individual florets are each perfect and exceptionally large, measuring as much as $2\frac{1}{2}$ inches across. The colorings will thrill you. Being Hybrids we cannot guarantee what shade the plant will bloom, but they run the range of the blues, lavenders and mixed shades. Some have outer petals of blue with inner petals of soft orchid. If you have followed the development of this beautiful introduction you know the prices asked for them elsewhere. Take a look at our prices below and we believe you will realize that Krider never holds you up in order that you may have the latest and best. Guaranteed to grow, of course. See page 3.

Note: We can also furnish same new strain in white at same prices.

The World's Most Diversified and Unique Perennial Garden

**CONSTRUCTED AT NEW YORK WORLD'S FAIR
—OVER 2000 PLANTS IN OVER 200 VARIETIES
SHOWN IN SENSATIONAL DISPLAY**

Determined to show something entirely different yet practical, we constructed the unique perennial garden partially shown in the photo below.

It excited the admiration of all visitors and we have received hundreds of appreciative words from people who enjoyed it.

Over 2000 plants of over 200 varieties were used. Plants native to all parts of the world were gathered together to make this magnificent display. Hundreds of visitors took the names of rare and colorful varieties.

On the following page we offer the 12 plants which were the most loved and most outstanding. They are the ones best adapted to all sections of our own country and will give complete satisfaction wherever planted.

**The World's Most Unique Perennial Rockery as Exhibited by Us at the New York World's Fair
Photo Five Weeks After Planting**

A perennial rockery or garden of this built-up type may be constructed on a smaller scale by anyone. Rock walls, laid up dry to the desired height. The space inside the walls filled with good garden soil and you are ready to plant your elevated garden. After the inside area is planted, the crevices in between the rocks are planted with rock plants. Plenty of water and an occasional application of fertilizer is all the attention needed. You are sure to derive many hours of pleasure from such a garden and we gladly pass the idea along to our friends. Get outdoors, raise more flowers and be healthier and better for so doing.

Naturally it would be almost impossible to offer all of the plants which were used in this garden. Many would not be adapted to our country, and, while they might be satisfactory in one locality, would disappoint buyers in another. Consequently we have selected twelve of the best ones which we know will delight you and be universally satisfactory and have described and offered them on the next page. Use them in your present plantings or in additions to those you now have.

All Guaranteed to Grow—See Page 3.

The Twelve Plants Which Received the Most Attention and Admiration from World's Fair Visitors to Our Garden -

**NOW OFFERED FOR YOUR GARDENS AT RIGHT PRICES
GET THESE OUTSTANDING PLANTS! ORDER NOW—DON'T DELAY**

ANCHUSA MYOSOTIDIFLORA (Forget-me-not Flowering). Grows to a height of 18 inches. During April and May it is a mound of dainty blue flowers borne on fine, branching stems. Foliage attractive throughout the season and does well in shade.

HEUCHERA Brizoides. Plant sends up numerous stems about 18 inches high, each bearing its blooms of clear pink. This is very desirable for cutting and is hardy anywhere.

ARMERIA, "Glory of Holland." Very attractive and do well in any soil. Foliage is always ornamental and flowers are borne on wiry stems 9 to 15 inches high. "Glory of Holland" is one of the best Armerias. Color clear pink and blooms resemble fluffy balls about the size of a walnut.

CAMPANULA ROTUNDIFOLIA (Blue Bells of Scotland). A real gem for the rockery or border. Low-growing, tufted plant bearing quantities of deep blue, bell-like flowers on erect wiry stems. Blooms practically all summer and fall.

COLUMBINE, "Crimson Star." One of the most remarkable of Aquilegias. Bright crimson color makes it outstanding for the perennial bed or border. Fine for cutting.

DIANTHUS, "Red Grenadin." If you want a spot of really bright color then get this remarkably hardy and free flowering Dianthus. Blooms of Carnation type, very fragrant, brightest red, dwarf.

GEUM, "Fire Opal." Dazzling scarlet flowers, often measuring 3 inches across, borne on upright stems. Fine for bouquets. Bloom May to October.

Double Russian Violet

A Real World's Fair Beauty

One of the finest plants we used for edging and rockery work in our fair garden was this Double Russian Violet. It produced almost continuous deep satiny purple blooms and was admired by all.

Hardy, easily grown, satisfactory in every respect. Nice plants which will bloom this year.

35c each; 3 for \$1.00; 12 for \$3.00, postpaid.

English Violets

Effective and beautiful for all types of borders or beds. Broad heavy foliage of deep green. Single flowers of purple-violet borne in profusion on graceful stems. Hardy and will thrive under most any conditions. **Price, only 20c each; 6 for \$1.00, postpaid.**

EDELWEISS. Known and loved the world over. One of the native European plants which has become naturalized and much grown in this country. Dwarf in size and very desirable for borders or use in the rockery. Foliage is a silvery green and ornamental the year around. Tiny light blue blooms are borne in abundance.

LYCHNIS Viscaria flore pleno. Unusual and showy in every garden. Bright vermilion-red blooms on 4-inch stems. Excellent for cutting or for color spots.

NEPETA, "Six Hills Giant." Neat and compact plant, producing an abundance of lavender-blue flowers on stems one foot high. Very good for edging and does well even under adverse conditions.

STOKESIA, "Blue Moon." The newest and finest. Ornamental foliage and large pale blue flowers with finely divided petals. A sensation wherever shown and we know you will love it.

VIOLA, "Apricot Gem." The Viola of the future. Rich apricot-yellow. Hardy and a prolific bloomer. Wonderful for edging and borders.

Your choice of the above outstanding plants: **35c each; 3 for \$1.00, postpaid**

Why Plant Annuals When You Can Get These Fine Perennials Which Will Bloom Year After Year With Little Attention?

Your choice, 20c each; 7 for \$1.00, postpaid. 2-yr., field-grown plants.

ANCHUSA (Alkanet). For massed backgrounds of the most brilliant blue the Anchusa cannot be surpassed. Grows 4 feet tall and is extremely hardy.

BLAZING STAR (Liatris). Long narrow spikes of lasting, rich lavender; flowers in midsummer. Very desirable for brightness in the perennial beds.

RUBBECKIA PURPUREA. Old-fashioned flower of large size. Purplish daisy-like flowers on tall stems.

COREOPSIS LANCEOLATA. Valuable for its profusion of showy yellow blooms all summer long. Long stems and fine for cutting and mixed bouquets. Hardy and very easy to grow. Reaches approximately 2 feet in height.

DOUBLE HOLLYHOCKS. Their brilliant colorings and general hardiness make them desirable for all garden plantings. Come in assorted colors.

DELPHINIUM. A favorite wherever flowers are grown. Their long blue spikes provide just the touch of color needed to make a charming planting. Light or dark blue.

FOXGLOVE. (Digitalis). Though a biennial, this old-fashioned flower is usually classed with the perennials as it reseeds itself under favorable conditions. Assorted colors.

GAILLARDIA. Noted for its profuse blooming habit and hardiness. Its flowers are of intense blood-crimson margined with deep golden yellow. 24 inches high.

SALVIA AZUREA (Meadow Sage). Fine type plant bearing loads of deep blue spikes. Prolific and extremely hardy.

VARIEGATED FUNKIA (Blue Flowering Day Lily). Broad, pale green, fluted leaves, variegated by white band and varied streakings. Valued for its foliage as well as for the blue flowers hanging in loose panicles from heavy short stems.

ARTEMISIA or GHOST PLANT

A strikingly effective, silver-leaved contrast plant. A beautiful "mist" for setting off bouquets and floral combinations. A vigorous, quick-growing plant with a close network of branches, fine stemmed and slender leaved. Makes a beautiful low-growing summer hedge to outline perennial beds, etc. May be trimmed any time. A necessity for every flower lover. **Price, only 20c each; 6 for \$1.00, postpaid.**

The Most Beautiful Statice

(Statice Dumosa)

This wonderful Statice received much attention in our World's Fair Exhibit. A real cloud of misty pink loveliness and ideal in any location you care to plant it. Naturally beautiful in a bed, it becomes doubly so when used in mixed bouquets. Blooms over a long period of time and keeps well after cutting. Don't fail to get this splendid Statice. **Price only 30c each; 4 for \$1.00, postpaid.**

Phlox, "Miss Lingard," at Our World's Fair Garden

Double Hollyhock

Statice Dumosa

Red Carnation "FIREGLOW"

Bright satiny red color, exquisite fragrance and general hardiness make this beautiful Carnation a necessity in every garden. Grows 15 to 18 inches high and blooms all through the summer and fall.

Plants from 2 1/4-in. pots which will bloom this year. **30c each; 3 for 80c; 6 for \$1.50; 12 for \$2.45, postpaid.**

THE MOST BEAUTIFUL
WHITE PHLOX

For beautiful white backgrounds or for bedding, this excellent Hardy Phlox meets your needs. It is unexcelled for cutting and will blend well with other blooms when used in bouquets. A sturdy grower, it will grow and thrive under even adverse conditions.

The photo at the left shows these beautiful Phlox in full bloom in our New York World's Fair garden where they were much admired.

20c each; 8 for \$1.00, postpaid.

Bleeding Heart

DWARF ALPINE ASTERS

These little beauties are worthy of a place in the finest gardens. True Aster hardiness but remain dwarf and resemble a low tufted cushion. Prolific bloomers and furnish an abundance of bright color all through the late summer and fall when blooms are scarce on other plants. Don't fail to include a few of these in your order. We offer them in four colors: **Blue, Purple, Pink and Lavender.** 30c each; 4 for \$1.00, postpaid.

HEUCHERA

Pluie de Feu

A real coral-red Coralbell. For bright spots of color in the border or rock garden this splendid Coralbell serves admirably. Stems are strong and stand erect. Flower spikes are large and color is really brilliant. Nice 2-yr. plants, 30c each; 4 for \$1.00, postpaid.

Heuchera

ASTILBE GLORIA

A bulbous, hardy, spirea-type plant of the most striking character. Attractive foliage, and in June and July the plant throws up long plummy wands of rosy pink bloom. Because of their bulk, feathery character and brilliant coloring, they are exceptionally showy during their blooming season of approximately three weeks. Excellent for low summer hedges in perennial beds or for accent pieces against shrub backgrounds. **Blooming size, fibrous bulbs, only**

Lilideum

TRADE
MARK

Sacred Lily of the Aztecs

As though in worship the Lilideum opens its petals towards the rising sun, unfolds its gorgeous blooms upright at noontime, turns its head with the declining sun and dies with the setting thereof. Blooms appear and die daily over a period of a month. This rare flower, a native of Mexico, appears on stems 2 feet tall. Their oddly marked cup-shaped centers and vividly colored outer petals make them particularly appealing and desirable. Bulbs require the same care and treatment as Gladioli.

Colorful New Buddleias **Sometimes Called "Summer Lilac"**

DUBONNET

The newest of Buddleias. Improvement on all previous varieties. Long, well-shaped flower spikes of deepest color, as shown. Blooms all summer and is a queen among flowers. Excellent for cutting. **Specially priced to introduce at 75c each, postpaid.**

PINK CHARMING

Never has a name so appropriately been applied to a flower. This exotic Buddleia is indeed a Pink Charming. Extra long flower panicles, many 15 to 18 inches long, full and tapering perfectly toward the tip. Plant hardy, foliage of clear green, blends with any background. Be the first in your neighborhood to have these beautiful blooms of rosy pink. Like all the Buddleias, new shoots come up from the ground each spring. The old wood dies back during the winter and should be pruned out as soon as new growth starts. **75c each, postpaid.**

ILE DE FRANCE

The darkest colored of the Buddleias, blooms being of a deep reddish purple shade which represents a striking appearance when the bush is in full flower. Spikes are long and tapering, fine for cutting, and hold their color well thereafter. Foliage is deep green and this plant deserves a place in every planting. Hardy and of uniform habit of growth. **50c each, postpaid.**

AMERICA'S BEST *All Guaranteed to*

Facing directly to the entrance of "GARDENS ON PARADE" we executed a magnificent planting of over 600 Hardy Phlox.

During the latter part of July and throughout August and September they produced a display of blooms and color which made nearly everyone pause and exclaim over their beauty. Many were not familiar with the plants, many who had grown Phlox for years were astounded at the new colorings and varieties shown.

VINES ARE NATURE'S LIVING SCREENS

All Heavy-Rooted, 2-Year Field-Grown Plants.
Guaranteed to Grow. See Page 3.

All Vines Are Sent Postpaid.

Boston or Japan Ivy

A splendid vine for covering, as it clings perfectly to the smoothest surface. Foliage is bright glossy green, changing to brilliant hues of scarlet, crimson and orange in the fall. This is the vine seen so much creeping up over brick walls of old churches and homes. Hardy and easily grown. All 2-year vines. 35c each; 3 for \$1.00; 12 for \$3.50.

Dutchman's Pipe

Krider's true grafted variety. Only the most skilled nurserymen know how to do the grafting of this vine. Medium large leaves of rich green. Flowers are very attractive because they are of a curious brown color and resemble a pipe. 2-year grafted vines, 60c each.

Evergreen Bittersweet

EUONYMUS. Beautiful waxy dark green leaves and attractive orange-colored berries that stay on the vine all winter. Foliage is evergreen and the vine will cling to brick, stone or any kind of wall. 2-yr., 50c each; 3 for \$1.25.

Silver Lace Vine

In a few short years this has come to be America's No. 1 vine for covering pergolas, archways, lattice fences, arbors, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose, suggesting old lace. Gives a most exquisite effect and is one of the most satisfactory vines. 35c each; 3 for \$1.00, postpaid.

Honeysuckle, Scarlet Beauty

Honeysuckle—Scarlet Beauty

One of America's Most Brilliant Flowering Vines
Everblooming—Evergreen

The wonder plant of the century. Blooms all summer. Loads of flashing, coral-red flowers. Fine for foliage and cover. Leaves green until after Christmas. Blooms richly scented. If you are looking for a good vine, get this one.

Hall's Japan Honeysuckle

(*Lonicera Halliana*)

A strong, vigorous evergreen variety of Honeysuckle, with pure white flowers changing to yellow. Very fragrant and covered with blooms from June to November. 2-yr., 25c each; 5 for \$1.00.

Chinese Purple Wisteria

Beautiful climbing vine of rapid growth, producing long, pendulous clusters of pale blue flowers. Fine for shading the upper part of a house. Will wind its way up any support. **Note:** We are often asked why Wisteria does not bloom. The answer is that you have been getting plants raised from seed. Many of these will never bloom. We graft our Wisteria from blooming wood and guarantee that they will bloom the second or third year after planting. 2-yr. grafted, 60c each; 3 for \$1.50.

Clematis

JACKMANI. The flowers, when fully expanded, are from 4 to 6 inches in diameter. Intense violet-purple, with a rich velvety sheen, distinctly veined. July until frost. 2-yr., 50c each.

MME. ED. ANDRE. Flowers as large as Jackmani and a rich velvety brick-red. Very free flowering, and a continuous bloomer. 2-yr., 50c each.

HENRYI. Large creamy white flowers. A strong grower and very hardy. One of the best of the white varieties. A continuous bloomer. 2-yr., 50c each.

PANICULATA (Sweet Scented Japanese Clematis). Rapid in growth. Pure white flowers of medium size, having a delightful fragrance. 2-yr., 50c each.

Great New Clematis

"Ramona"

Large, lavender-blue blooms in profusion. Hardy and easy to grow.

Very large, rounded petals.

Only 75c each; 3 for \$2.00,

How to Grow Clematis

Clematis will thrive in almost any climate but for best results they should be planted in a somewhat sunny location and in as near a non-acid soil as possible. If your soil is acid this condition may be remedied by mixing lime with the soil at planting time, or by thoroughly working lime into the soil around those plants already in place. Clematis should be set so that the dirt comes up about 2 inches on the stem above the roots. If planted with the crown just level with the soil they will soon wither and die from drying out. Dig the hole large enough so that the roots may be spread out naturally in planting. If the soil is poor the hole should be filled with good rich garden soil. Clematis planted in this manner and kept well watered (not drowned) will rarely fail to grow and do well.

HARDY HEDGES

For beautiful living fences our Hardy Hedge Plants are unequalled. Highest quality, heavy rooted, healthy and sure to grow. Their low prices make them ideal for those who want hedge plants in any of the several varieties described below.

**All Guaranteed to Grow.
See Page 3.**

Japanese Barberry Hedge

PLANTING AND GROWING HEDGES

Beautiful hedges are easily grown if a few simple instructions are observed. Dig a trench 10 to 12 inches deep and the width of a spade. Set the plants a couple of inches deeper than they stood in the nursery. This insures a dense hedge at the base. Privet should be set 10 inches apart, Barberry about 18 inches. Shrubs such as Spirea 18 inches, Chinese Elm 2 feet, and Evergreens, 2 to 3 feet. Spacing may be varied depending upon the density desired. After spacing plants, fill in about one-half of the depth of the trench, then flood with water. After settling fill in balance of the trench and tramp firmly. Leave a slight depression along each side of the hedge to retain water. Keep thoroughly soaked until well started. Privet should be cut back to about 8 or 10 inches after planting to promote vigorous growth. Hedges planted in this manner rarely fail to grow.

NOTE: We sell 50 of any variety of hedge at the hundred rate. All are guaranteed to grow.

RED-LEAVED JAPANESE BARBERRY

Very popular for specimen grouping and for edging taller plantings of shrubs or evergreens. Glossy purplish red leaves. Makes a brilliant, colorful hedge. 9 to 12 in., 25 for \$3.00; 100 for \$8.00, postpaid.

HARDY AMOOR RIVER PRIVET

Most universally planted of all hedges. Shiny dark green leaves, not subject to blight or disease. Very hardy, a rapid grower. May be sheared any shape. Plant 10 inches apart and prune back to 8 or 10 inches after planting for a dense, hardy hedge. 2-yr., 18 to 24 in., well branched, 25 for \$1.75; 100 for \$5.00, by Express.

Hardy Amoor River Privet Hedge

GREEN-LEAVED JAPANESE BARBERRY

America's most popular low-growing hedge. Bright green leaves turn to dazzling shades of red, gold and bronze in the fall. Brilliant red berries in great numbers stay on through the winter months. Perfectly hardy and will grow in shade or on poor soil. May be pruned or sheared any time. 9 to 12 in., 25 for \$1.00; 100 for \$3.00, postpaid. 12 to 15 in., 25 for \$2.00; 100 for \$6.00, by Express.

BUSH HONEYSUCKLE FOR HEDGING

No hardier plant can be found than the Bush Honeysuckle. Grows to a height of 8 to 10 feet, with upright and somewhat spreading branches. Foliage is bright green and flowers are borne freely in May and June. Very fragrant and attracts bees and humming birds. Showy red berries ripen in summer and cling to the bush for many weeks. The best shrub in our nursery for a high compact hedge, for screening purposes, or to attract birds. 2-yr., 18 to 24 in., 25 for \$3.00; 100 for \$8.00, by Express.

SPIREA VAN HOUTTEI FOR HEDGING

The most popular of all shrubs. Profuse clusters of tiny white blooms completely cover the sweeping branches in May. Delicately cut leaves stay bright green until autumn, then turn to bright shades of bronze and yellow. Grows to 6 feet, but may be pruned any time after blooming period. Makes a beautiful flowering hedge. 2-yr., 18 to 24 in., 25 for \$1.50; 100 for \$5.00, by Express.

REGEL PRIVET

This variety has long been recognized as one of the best and most beautiful plants for hedges. It makes a quick, strong growth and is free from insects and scale. Leaves are dark, glossy green. Price, heavy 2-yr. stock, 25 for \$1.75; 100 for \$5.00, by Express.

FINEST EVERGREEN HEDGE

TAXUS CUSPIDATA (Japanese Yew). The last word in Evergreen Hedges. Rich looking, dark evergreen foliage. As they age they become covered with brilliant red berries in fall. Will stand heavy shearing and will make a dense, compact, beautiful hedge if planted 18 inches apart. Heavy rooted, 6 to 9 in. plants, 25 for \$8.00; 100 for \$25.00, postpaid.

Truehedge Columnberry

U. S. Plant Patent No. 110

For those of you who really want the last word in hedges we offer this remarkable plant which is taking the country by storm. Grows in natural, closely compact hedge form. Does away with frequent shearing and trimming. Foliage a beautiful deep green and is resistant to disease. Perfectly hardy and needs practically no care. May be sheared into any shape for formal effect. Can be planted in tubs or boxes for entrance posts. Resembles Boxwood and is often mistaken for it. You will be amazed at the uses and beautiful effects you can create with this plant. Truly one of the most remarkable, most useful and most generally satisfactory plants we have ever offered. ORNAMENTAL and FLOWERING TREES

May Day Tree *For Spring's First Blooms*

**Provides Some of the Earliest Masses of White Flowers,
First of May**

The first tree to leaf out in the spring. The first tree to bloom. Fragrant trusses of pure white bloom completely cover the entire plant in late April or early May. Bloom clusters resemble the Lilac in shape and are lovely for cutting. Let this wonderful tree provide you with the first bouquets of the season. May be left in bush form for the border or trimmed up and grown as a specimen tree for the lawn. Flowers are followed by small fruits which are edible. Birds delight in them and come flocking to the tree. Grows rapidly, is perfectly hardy anywhere, and we heartily recommend it to those of you who are looking for something new and different for your grounds.

May Day Tree is a native of the cold rugged plains of Siberia. Prof. Hansen, father of the Bush Cherry (see page 47), has greatly improved and developed the May Day Tree for the Dakotas and colder regions of this country. Thus it is so hardy that it thrives immediately in any section of the country. **Nice 2 to 3 ft. plants, only 65c each; 3 for \$1.60, postpaid.**

May Day Tree

Redbud or Cercis

One of the handsomest of the low-growing, flat-topped trees. Attains a height of about 15 feet at maturity. Along the numerous wide-spreading branches, rosy lavender blooms appear before the tree leafs out in spring. Before the tree leafs out in spring, as a small pink cloud. Due to the extreme hardness of the wood, the tree is unusually late in leafing out. **Nice, 3 to 4 ft. plants, only 60c each; 3 for \$1.50, by Express.**

Redbud

Everblooming Tamarix

One of the finest ever grown. Beautiful shrub with soft fernlike foliage of a rich powder-blue color. Shell-pink blooms appear early in the season and continue until frost. Add a few of these and notice how they light up your whole planting. (Note: The wood of this shrub is extremely hard, therefore they are among the last shrubs to start leafing out in the spring. Many do not get out in leaf until the middle of June here in the nursery.) **50c each; 3 for \$1.25, postpaid.**

White Flowering Dogwood

Our most beautiful native flowering tree. The leaves are oval, bright green, and turn to shades of red in the fall. Early in spring the large white dogwood blossoms come and present a sight to please the most exacting. **Heavy rooted, 1½ to 2 ft., only 50c each; 3 for \$1.25.**

Pink Flowering Dogwood

CORNUS FLORIDA RUBRA. Symmetrically spreading tree, growing to a height of about 20 feet. The large reddish pink flowers which come before the leaves appear in the spring, present a vision of loveliness against the new green of an early spring lawn. Foliage is a deep green turning to rich bronzy red in autumn. Ideal as a specimen plant or fine for group plantings. **Heavy rooted, 18 to 24 in. trees, postpaid for only \$1.00 each; 3 for \$2.50.**

Wahoo Tree

(American Burning Bush)

A native shrub or dwarf tree growing 8 to 10 feet in height. Heavy broad-leaved foliage is attractive, and in fall and winter the whole tree is ablaze with a mass of bright red berries. Makes a startling sight against a snowy background. **2 to 3 ft. trees, 60c each; 3 for \$1.50.**

Rose Tree of China

PRUNUS TRILOBA. Wonderful dwarf variety of the flowering family. Blooms early in the spring before the leaves appear. The small tree seems decked with garlands of double flowers, pink in color. Very good for the border or for specimens. **Heavy rooted, 2 to 3 ft. trees, only 50c each; 3 for \$1.25.**

Smoke Tree

One of the most picturesque and unusual of the small hardy trees. Beautiful foliage of dense green is surmounted in summer with masses of loose, feathery panicles of minute flowers which give the effect of a dense cloud of smoke. Thrives anywhere but prefers a dry, sunny location. Foliage colors brilliantly in autumn. Grows to a height of 12 feet. Lombardy Poplar

Tall, slender growing tree for formal planting. Rapid grower and at a distance the mature trees appear as tall sentinels. Dark green leaves, lighter shade on the under side. The roots of the Lombardy Poplar will not grow into and clog sewers, etc., as did the old Carolina Poplar. **5 to 6 ft. trees, 35c each; 10 for \$3.00. 6 to 8 ft. trees, 50c each; 10 for \$4.00.**

NOTE: For screening purposes we offer a 4- to 5-foot grade in Lombardy Poplars. Plant them 5 to 6 feet apart. A real value at this low price. Only 10 for \$2.00; 5 for \$1.25.

Bolleana Poplar

One of the finest of all the Poplars. Tree grows erect and symmetrical, like the Lombardy in shape. Long lived. Bark of soft, light green and foliage of wonderful color and density, silver-gray on the under side. **We have some nice specimens, 5 to 6 ft. tall, at only 75c each; 10 for \$6.00.**

Norway Maple

Maples

NORWAY. This is an exceptionally fine, hardy, large-leaved shade tree. Noted for its resistance to disease and for its long life. **Nice, heavy-rooted trees, 6 to 8 ft. tall, only \$1.50 each; 5 for \$6.00.**

SCHWEDLER'S RED MAPLE. Noted for its beautiful foliage. Comes out a rich ruby-red in spring, gradually changes to purplish green, then in fall colors to bright shades of red and purple. Habit of growth similar to Norway. One of the finest Maples for shade. **6 to 8 ft. trees, \$2.00 each; 5 for \$8.00.**

SILVER MAPLE. The fastest growing of the Maples. Much used for street planting because they make a good, quick shade. Foliage of a light green, silvery on the under side and slightly cut-leaved. Color beautifully in the fall. Not as long-lived as the Norway or Schwedler's Maples, but will grow quickly and provide good shade for the ordinary lifetime. **Nice, 6 to 8 ft. trees, 75c each; 5 for \$3.50.**

FOR CONTRAST

Japanese Blood Leaf Maple

Rounded dwarf trees seldom maturing to over 10 feet in height. Densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early spring and midsummer color is a vivid blood-red, which dulls to a bronzy purple-red towards fall. They make splendid foreground subjects in mixed groups or are unexcelled for a bright spot of color on the open lawn.

Weeping Willow

Weeping Willow

The well known graceful Weeping Willow whose long drooping branches, densely covered with fresh green leaves, make it one of the best loved trees.

Very rapid grower. 4 to 5 ft. trees, 60c each; 3 for \$1.50.

Cut-Leaf Weeping Birch

No other tree occupies quite the place in the hearts of home builders that this graceful tree does. Its white bark, pendulous branches, delicate green foliage, deeply cut leaves, endear it to all who want a tree both for shade and ornament. A beautiful effect is created by planting three of them as a triangle, about 20 feet apart. Nice, straight, 3 to 4 ft., \$1.25 each; 3 for \$3.00. 5 to 6 ft. trees, \$2.00 each; 3 for \$5.00. 6 to 8 ft., \$3.00 each; 3 for \$7.50.

Pyramidal Birch

A beautifully shaped tree which has all the beloved characteristics of the Birch trees plus a unique habit of growth. Branches grow upright, forming a lovely pyramidal shaped tree. Heavy rooted, 4 to 5 ft. size, \$1.50 each; 4 for \$5.00.

Purple-Leaf Birch

Same size and price. You may have 2 of each for the \$5.00 price given above.

Paul's Double Scarlet Hawthorn

Popular low growing tree that is hardy all through the states. In May and June it is covered with double scarlet flowers which are followed by red berries. The foliage is a rich green which colors to a mass of brilliant hues in the fall. We give this tree top rating for specimen planting. Large, 4 to 6 ft., field-grown trees, \$1.25 each.

Cornelian Cherry

(Cornus Mascula)

Clouds of yellow flowers completely cover the tree in early spring. Blooms are very fragrant and are followed by small bright red fruits. A real ornamental tree for your border or lawn. 3 to 4 ft. trees, 60c each; 3 for \$1.50.

Tulip Tree

One of the loveliest of our native trees, and the State Tree of Indiana. Tall growing, of shapely habit, and its large, irregular leaves make it ideal for quick shade. Bears numerous tulip-like flowers in spring. Blooms are yellow, marked at inside base with orange. 5 to 6 ft. trees, \$1.00 each; 3 for \$2.50.

White Snowberry

Snowberry (Symphoricarpos)

WHITE SNOWBERRY. Diminutive rose-colored flowers in June and July followed by clustered milk-white fruits which remain far into the winter. Bush is compact in form with numerous slender branches. Can be used in small groups or large masses. Due to its dwarf habit it is valuable for foregrounds in shrub plantings. Excellent for shade.

New Red Snowberry

This is the greatest shrub for shady places that we have ever seen. Grows to a height of 5 feet with gracefully arching branches and lacy foliage. Blooms are followed in fall by glowing red berries, twice the size of the old Indian Currant and as red as those of the High-Bush Cranberry. Don't fail to get some of these shrubs for shady locations.

Snowballs (Viburnum)

DENTATUM (Arrow-Wood). Bright green, heart-shaped leaves which turn to brilliant shades of red and purple in autumn. Creamy white flowers borne in abundance in May and June. Deep purple fruits add to its attractiveness. Grows to a height of 8 to 12 feet.

CARLESI (Mayflower Viburnum). A truly grand medium size shrub from Korea, prized for its exquisite fragrance similar to that of the Trailing Arbutus. The waxy flower clusters, pearly pink in bud, pure white when open, appear early in the spring. Thrives under the most unusual conditions but does best in partial shade and a cool, moist soil. A charming plant for foreground of border or for planting about the house. The true grafted variety. **Heavy, 2-yr., blooming size, 75c each; 3 for \$2.00, postpaid.**

OPULUS STERILE (Common Snowball). A favorite shrub bearing great masses of ball-shaped white flowers in May. Grows 8 to 10 feet tall.

DILATATUM. One of the best of the Viburnums. An upright, bushy shrub eventually reaching 10 feet in height. Deep green, oval-shaped leaves. Pure white flowers borne in cymes 3 to 6 inches across. Very hardy and free flowering. Masses of globular scarlet berries remain through the winter, making a striking contrast to the snow.

Opulus (High Bush Cranberry)

Handsome native shrub reaching 10 feet in height with smooth, light branches and stems. Pure white flowers appear in May and June, followed by decorative fruits, which begin to color by the end of July and remain on the branches and keep their bright scarlet color until the following spring.

Cytisus Scoparius

(Golden Peacock Shrub)

A native of Mexico. Semi-dwarf and very ornamental. Very fine foliage on graceful branches which grow upright and compact. Beautiful golden yellow blooms with crimson wings. Excellent for forcing, shrub borders and planting in difficult places.

Rhodotypos (Jetbead)

An attractive rounded shrub reaching 4 to 6 feet in height. Beautiful yellowish green foliage with distinct corrugations. Large, single white flowers in late May followed by black berries which remain through the fall. Does well in shade or semi-shade. Very desirable.

Witch-Hazel

Hardly any other shrubs bloom in the late autumn, but that is the season when the Witch-Hazel flaunts its brilliant yellow flowers. It blooms for a long period and has interesting fruits before the last blossoms have faded. Sometimes it is still in bloom when early snows come, but it is unharmed even by zero weather. Witch-Hazel will be an interesting and valuable addition to any shrub border.

Fragrant Sumac

This sweet scented shrub is conspicuous in early spring with bright yellow flowers in clustered spikes. In autumn it bears loads of fuzzy red fruits in dense clusters. Good foliage; a fine low plant for the front of the shrub border and ideal for covering banks, as it does well in dry locations.

Mock Orange

VIRGINAL. Blooms throughout the season. This wonderful Mock Orange is without question one of the most beautiful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer.

CORONARIUS. Sweet Scented Mock Orange. A tall, vigorous bush with abundant dark green foliage and single blooms having a sweet fragrance. Fine for cutting.

Shrub Dogwood (Cornus)

RED TWIG. Grows 6 to 8 feet high, with clusters of fine white flowers; white berries. Stems and branches turn to blood-red in winter.

YELLOW TWIG. Similar in habit to Red Twig except the bark is a beautiful golden yellow.

ELEGANTISSIMA. Grows 4 to 5 feet high, with purplish red bark and striking variegated foliage. This is one of the choicest variegated-leaved shrubs, capable of refined, compact shape by proper pruning.

White Fringe

One of the showiest of all shrubs. Grows to small tree height, with large, shiny leaves of deep green. Graceful and drooping, it bears clouds of lacy white blooms. Branches start close to the ground and it may be grown as a shrub or trimmed up and grown as a dwarf tree. Good in borders or for specimens.

Mock Orange, Virginal

Red-Leaved Barberry

Bronze-red leaves during the summer turn to fiery red in fall. Red Barberry should be planted in full sun for best color results. For hedging sizes see page 30. **35c each; 3 for \$1.00, postpaid.**

Green-Leaved Barberry

No shrub is so generally planted or has so many practical uses as Japanese Barberry. It hasn't a single serious fault, and can be grown in shade, moist or sunny locations. Arching branches, covered with luxuriant green foliage in summer and flashing red berries all winter. **25c each; 4 for \$1.00, postpaid.**

Kolkwitzia—Beauty Bush

Beauty Bush

(*Kolkwitzia Amabilis*)

Charming new shrub recently introduced from China. Center stems are upright, the outer branches gracefully arching. Very attractive foliage. Blooms profusely in June. Flowers are bell-shaped, pale pink with orange veins, and are borne in long clusters along the branches. Does well in shade and grows rapidly.

Forsythia Spectabilis

Earliest blooming. Lights up the landscape with glinting yellow before the leaves appear. Flowers often come out before the snow is gone. This is the large flowering variety, having flowers twice the size of the older kinds. Thrives in any locality. Grows 8 to 10 feet tall. May be pruned.

Rhamnus Frangula (Alder Buckthorn)

Same characteristics as Rhamnus Cathartica except it grows more slender shaped and the leaves are smaller and thinner.

Bush Honeysuckle

For a tall hedge or to screen an unsightly view there is no shrub so valuable. Will grow to the height of 10 to 12 feet in a few years. A beautiful shrub both summer and winter. Is the first to clothe itself with leaves in the spring, and its fragrant flowers and luxuriant foliage are a constant delight. Bright red berries cling to the bush all through the winter, giving a brilliant touch of color to the winter landscape.

Beautiful Hydrangeas

PANICULATA GRANDIFLORA. Flowers in August with huge panicles, measuring from 8 to 12 inches long. Blossoms are first a delicate shade of pink gradually changing to bronze in early autumn.

ARBORESCENS GRANDIFLORA (Snowball Hydrangea). Has the appearance of a low-growing snowball. White, clustered flowers appear in June and July, lasting for weeks. Very hardy and does well in shady locations.

OAK-LEAVED HYDRANGEA. A truly marvelous bushy shrub. Flowers in large creamy clusters. The dark green foliage has a silvery sheen on under side and turns to a glowing red in the fall. Grows to a height of 4 to 5 feet, and is very effective as an ornamental shrub. Does well in shady locations. 50c each; 3 for \$1.25, postpaid.

Firebush

Early in the spring this attractive shrub is completely covered with dazzling scarlet flowers which are followed by small, fragrant, quince-shaped fruits. Foliage waxy and dark green. Branches are rough and closely knit, making it desirable for low hedges.

Japanese Quince

Gold Flower - Hypericum

A shrubby recumbent bush, 3 to 4 feet high, with smooth, arching branches. Has single golden yellow blossoms and beautiful fine foliage. Does very well in partial shade if soil is not too dry.

Aronia - Chokeberry

Attractive shrub growing to a height of six feet. Foliage a delightful green, changing to flaming shades of red in the fall. Masses of brilliant berries make this shrub especially desirable. Does well in shade.

Deutzia Gracilis

One of the most beautiful of the dwarf shrubs. Grows to a height of 2 to 2½ feet. Trumpet-shaped white blooms are borne close to the stems, giving the appearance of flowering wands. Excellent for use where low growing shrubs are wanted. Foliage is ornamental all through the summer.

Deutzia, Pride of Rochester

The most popular and hardy of the Deutzias. Grows from 6 to 8 feet in height, and its mass of pinkish white bloom in June is a joy to all beholding it. Does well in any type of soil and for specimen or mass planting it is indispensable.

Hydrangea P. G.

Weigelas

FLORIBUNDA. The everblooming red Weigela Floribunda surpasses all other red-flowering shrubs. Much hardier than Eva Rathke and a better flower. Commences blooming early in spring and continues all summer long. Leaves are a rich glossy green and densely cover the branches. A necessity in every border planting.

ROSEA. One of the finest of the family. Tall and vigorous growing with abundant deep pink flowers in June. Occasional blooms the balance of the summer.

Althea - Rose of Sharon

Tall, beautiful flowering shrubs, distinctive because of their blooms. Double flowers resemble roses with tightly curved petals. Color shades stand out vividly in group plantings or as specimens. Very worth-while plant to buy, as they are easily grown, unusually hardy, and bloom long and lavishly.

Note: The Altheas are very late in leafing out in the spring. Do not be alarmed if they stand dormant up into June.

We offer 5 distinct and beautiful colors: **Vivid Red, Pink, White, Blue and Variegated.** Your choice at 35c each or 5 for \$1.50, postpaid.

RHODODENDRONS

RHODODENDRON CATAWBIENSE. One of the most beautiful and most prized of native plants. The finest of the Rhododendrons. In June every branch has a large cluster of deep rosy lavender-pink blooms, 4 to 6 inches across. Should be planted in semi-shade and in an acid soil. We include sufficient peat moss around the roots of each order shipped to insure this acidity if it is well worked in around the roots when planting. We can also furnish white and pink at same prices. **Maximum**, white; **Carolina**, pink, your choice.

SPECIAL OFFERS

Clumps, 12 to 18 in., for immediate effect, only \$2.50 each; 3 for \$6.00, by Express.

SPECIAL: 6 to 9 in., well branched, heavy rooted plants, 6 years old, ready for planting, only 50c each; 3 for \$1.00; 7 for \$2.00, postpaid.

Note: Plant Azaleas in partial shade and in a semi-acid soil. This acidity may be attained by working peat moss in around the roots when planting. All orders shipped by us will have sufficient peat moss around the roots of each plant to insure successful growth if that amount is well worked in around the roots when planting.

Sweet Scented Shrub

A favorite in all gardens and admired for its spicy aroma. Peculiarly shaped brown blossoms during most of the summer followed by attractive seed pods. 4 to 6 feet when matured. 40c each; 3 for \$1.10, postpaid.

Tamarix Africana

These large shrubs have foliage resembling asparagus leaves, with a drooping, feathery appearance. Bear delicate pink flowers in great profusion in early summer. Does well in any type of soil. 40c each; 3 for \$1.10, postpaid.

French Pussy Willow

A small treelike shrub with attractive leaves 2 inches long and an inch wide. Its popular appeal is the conspicuous silky catkins, which bud in the fall, and make those "springy" bouquets just as the snow melts in the spring. 40c each; 3 for \$1.10, postpaid.

Beautify Your HOME

Pyramidal Arbor-Vitae

Irish Juniper (Juniper Hibernica)

One of the most beautiful of the columnar Junipers. Grows erect and slender, which makes it ideal for accent use. Bright, bluish green foliage holds its color well. Hardy and thrives under practically all conditions. 12 to 15 in., 50c each; 18 to 24 in., \$1.00 each; 3 for \$2.50.

Spruces

NORWAY. A lofty, elegant tree of perfect pyramidal habit, rich in color. As the tree ages its branches become gracefully pendulous, making it exceedingly beautiful and picturesque. One of the best for hedges and windbreaks. 15 to 18 in., 50c each; 3 for \$1.25. 18 to 24 in., 75c each; 3 for \$2.00.

COLORADO BLUE. One of the hardiest and most beautiful Evergreens. Will stand the coldest temperatures without damage. Color is a rich blue as the tree matures. It is beautiful in outline and ideal for all specimen planting. 12 to 15 in., \$1.00 each; 15 to 18 in., \$1.50 each.

Irish Juniper

PLEASE NOTE

All of our Evergreens are carefully dug to get all the tender roots. The soil is then removed and the roots puddled in mud; they are then wrapped in moss and paper or burlap. This method of packing eliminates 25 to 50 pounds of soil, saves the vital fine roots, insures better growth and makes possible low cost parcel post or express shipments.

Finer Evergreens to enrich your plantings

Firs

DOUGLAS. One of the fine specimen Evergreens. Habit of growth and color resemble the Blue Spruce. Foliage is of a softer nature and growth is more rapid.

18 to 24 in., 75c each; 3 for \$2.00.

CONCOLOR. (White Fir). Compact and of symmetrical form. Foliage is silvery green. Withstands heat, cold or drought. 15 to 18 in., \$1.50 each; 3 for \$4.00.

Unless noted otherwise, all Evergreens are shipped by Express, F. O. B. Nursery.

Arbor-Vitae

PYRAMIDAL. For foundation, group or garden planting. Retains the lovely bright green, flat foliage of the Arbor-Vitae at all seasons.

Grows compact and develops naturally into perfect pyramidal form. 12 to 15 in., 50c each; 3 for \$1.25. 18 to 24 in., \$1.00 each; 3 for \$2.50.

GLOBOSA. Grows densely into dwarf, globular shape. Foliage is flat and deep dark green. Much used for formal plantings. 12 to 15 in., \$1.00 each; 3 for \$2.50.

AMERICAN. Habit of growth is similar to Pyramidal but foliage is of looser texture. Color a darker green and grows somewhat larger. Fine for an Evergreen hedge or windbreak. 18 to 24 in., only 75c each; 3 for \$2.00.

Mugho Pine

Valuable for all low group plantings. Dwarf in habit, forming a low dome-shaped mound. Color a dark green except in early spring when the tender new growth of light green gives it a pretty two-color effect. 8 to 12 in., \$1.00 each.

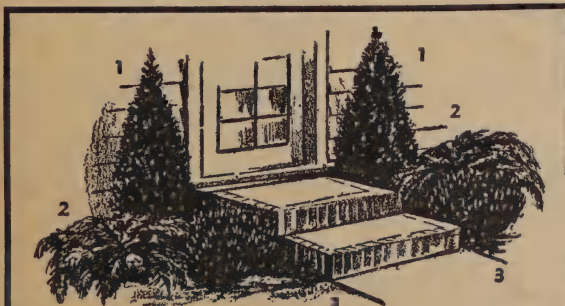

Special Doorstep Group

A Spreading Evergreen

for Banks, Border or Rockery

Prostrate Juniper

One of the finest evergreens known for rockery use and those steep banks where nothing else will grow. Wonderful for the border, along walks, etc.

Creeping fronds trail gracefully over rocks or along the ground. Always remain low in height and may be pruned to fit any space. **Heavy rooted, 11 to 10 in., 50c each; 12 to 15 in., 75c each.**

Beautiful Prostrate Juniper

JUNIPERS

JUNIPER MEYERI (Fish Tail Juniper). Very dwarf type growing into sloping planes. Color a superb shade of blue. Excellent for planting where low growing Evergreens are needed. **11 to 10 in., 75c; 12 to 15 in., \$1.50 each.**

PFITZERIANA (Pfitzer Juniper). A graceful, low-growing, spreading Evergreen with sweeping fronds of fresh green foliage. A distinctive, beautiful, hardy plant for shady locations. **12 to 15 in., \$1.00; 15 to 18 in., \$1.50 each.**

HORIZONTALIS (Creeping Juniper). A prostrate creeping type very valuable for planting in areas where height is a controlling factor. Foliage is a good shade to blend well with other plantings. Exceptionally fine for rockeries. **12 to 15 in., 75c each; 15 to 18 in., \$1.00 each.**

CANNARTI (Cannart Juniper). Tall graceful grower with somewhat sweeping branches. Color a deep, rich green. One of the best for corner plantings. **12 to 15 in., 60c each; 3 for \$1.50. 18 to 24 in., \$1.50 each.**

JUNIPER GLAUCA (Silver Cedar). Similar to Juniper Cannarti in form and habit of growth but foliage is of a soft powder-blue. One of the very choicest trees grown and a real treasure in any planting. **12 to 15 in., 60c each; 18 to 24 in., \$1.50 each; 3 for \$4.00.**

JUNIPER EXCELSA STRICTA (Spiny Greek Juniper). For a dwarf, pyramidal-shaped Evergreen this one cannot be equalled. Foliage a silvery blue, very dense and compact like the Cedars. **12 to 15 in., \$1.00 each; 15 to 18 in., \$1.50 each. 3 for \$4.00.**

GOLDEN ORIENTAL ARBOR-VITAE. (Biota Aurea Nana). A very slow growing, compact variety of the dwarf type. The flattened leaves face outward edgewise, presenting a beautiful surface of vertical fluted lines. Color is a fresh yellow-green, very striking in appearance and valuable in foreground planting. **10 to 12 in., 50c each; 3 for \$2.00. 15 to 18 in., \$1.50 each; 3 for \$4.00.**

Mahonia

(Oregon Holly-Grape)

A hardy Evergreen shrub having holly-like leaves. Can be used in Evergreen or shrubbery plantings equally well. Does well in partial shade. Stays green all winter and then sheds its leaves in spring. **12 to 15 in., only 75c each; 3 for \$2.00.**

Austrian Pine

Fast growing Pine of majestic size and shape at maturity. Long needled variety of good color. Rapid growth and density of branches make it ideal for windbreaks. **12 to 15 in., 35c each; 3 for \$1.00, postpaid. 18 to 24 in., 75c each; 3 for \$2.00, by Express.**

JAPANESE YEW OR TAXUS

Without doubt the Yews are among the finest and most luxuriant Evergreens grown. They are extremely hardy, easy to grow, do well in shade, and harmonize with any other plant.

CUSPIDATA. Spreading variety. Habit of growth similar to Pfitzer Juniper. Foliage is a shade of dark green different from other Evergreens. May be sheared for a low hedge, allowed to throw out its graceful wands for informal corner plantings, or kept trimmed back into compact shape. Numerous red berries form and hang close to the branches all winter. 10 to 12 in., \$1.00 each; 12 to 15 in., \$1.50 each.

CAPITATA. Foliage description same as for Cuspidata except this variety grows in upright form, closely columnar. May be sheared. 12 to 15 in., \$1.00 each; 15 to 18 in., \$1.50 each.

HICKSI. Dwarf, closely columnar form. Foliage the darkest green of the family, and very dense from the ground up. Valuable for accent pieces. Any of the Yews may be sheared either for hedge or for specimens. 12 to 15 in., \$1.25 each; 15 to 18 in., \$2.00 each.

Taxus Cuspidata—Spreading Jap. Yew

We can furnish all varieties of Apples listed in heavy, 5 to 7 ft. city planting size trees, for \$1.00 each, by Express.

WEALTHY. The most dependable and widely planted fall Apple. Bright red, striped. Medium to large in size. Hardy and a free grower.

MAIDEN BLUSH. A medium to large pinkish apple. Very firm, white flesh. Acid flavor, vigorous and productive.

YELLOW TRANSPARENT. Medium white, changing to lemon-yellow, smooth waxen surface; of good quality, with crisp flesh; very early, and, for an early Apple, an unusually good keeper. Valuable for market. July and August.

EARLY HARVEST. Size medium, shape roundish, usually more or less oblate, smooth, bright straw color when ripe; flesh nearly white, flavor rich acid; fine. Season July. Productive.

GRIMES GOLDEN. The standard of excellence, of the best quality, rich golden color. Flesh is yellow, very firm, crisp but tender, rich, aromatic and juicy. Medium to large. An ideal dessert and cooking Apple. Tree is a hardy, vigorous upright grower, and a heavy, regular bearer.

TOLMAN SWEET. A very large and sweet Apple of fine flavor. The fruit is creamy yellow, sometimes blushed on sunny side. Tree vigorous and hardy, very productive. Keeps until April.

RED ROME BEAUTY. The great profit maker. It has an established place in the markets and no orchard should be without it. A real Apple with good keeping qualities. It bears at a very early age and will prove successful anywhere.

McINTOSH. Large, deep crimson and beautiful. Tree is hardy and vigorous. Flesh pure white, crisp and very tender. A good regular bearer. Has justly proved itself a favorite in the Apple Belt, and a good market variety.

Crab Apple

WHITNEY. The tree is hardy, thrifty, an upright grower, comes into bearing when young, is a very productive variety. Flesh yellowish, crisp, juicy and splendid for eating and cider. August to September.

EARLY BEARING APPLES

Especially budded for early bearing. Heavy yielding. Buy northern grown stock for best results.

NEW DOUBLE RED DELICIOUS. The sensational New Red Delicious which we are offering to the trade is a marvelous improvement over the common Delicious. It is a much deeper color without stripes where the common Delicious would be striped red and partly green. Even in the heavily shaded portions of the tree where the foliage is very thick the color is outstanding.

YELLOW DELICIOUS. Similar to Delicious in shape. Fruit rich yellow color. Early bearing. Winter. Flesh fine-grained, crisp, juicy and melting, and really delicious. The tree is a hardy and vigorous grower and forms a strong beautiful head capable of bearing enormous loads.

RED NORTHERN SPY. To all the splendid qualities of the genuine Northern Spy—its unusual and delicious flavor, its excellent cooking and baking qualities, its hardiness and productiveness—nurserymen have added the greater perfection of color and miraculous hastening of maturity found in this perfect tree. Comes into bearing 12 years earlier than the old Northern Spy, bearing fruit in 6 years instead of 18.

RED STAYMAN. Most profitable market variety. It has large size, bright red color, great productiveness, and best quality to commend it. The tree is a vigorous grower, is irregular and drooping in habit, and adapts itself readily to different soils and situations. Drought resisting. Season November to February.

RED JONATHAN. A beautiful red Apple, highly flavored and of excellent quality, being tender, juicy, spicy, and rich—a splendid family sort and highly profitable for market. Tree long-lived, productive, and an early bearer November to April.

NEW FALL BEARING SWEET CHERRY

SWEET SEPTEMBER. (U. S. Plant Patent No. 94).

The amazing new fall-bearing Cherry. Produces deliciously sweet, bright red Cherries which ripen from about September 1st until snow flies. Apparently free from rot, leaf spot, and curculio injury. The young trees start yielding fruit the second or third year after planting and produce heavy crops annually thereafter. This fall-bearing tree blossoms at the same time as other regular varieties and is harder in the bud than the average Sweet Cherry. The fruit is large, of good color, and the quantity is excellent for either canning or eating as fresh fruits. Heavy rooted, 4 to 5 ft. trees, only \$1.50 each. 10 for \$14.50, by Express.

Kriders Early Bearing Cherries Bring Quick Returns

SWEET VARIETIES

WINDSOR. Tree upright, and a rapid grower; fruit large, roundish, oblong; very firm and juicy; flesh pinkish and sometimes streaked; quality very good; a productive bearer; has attracted attention owing to its large size and color; almost black.

NAPOLEON OR ROYAL ANN. A beautiful Cherry of large size, pale yellow with bright red cheek; flesh firm and sweet; one of the best for market and canning.

BING. This grand new black Cherry was originated by Seth Luelling of Milwaukee, Oregon. Flesh very solid, flavor of the highest quality; tree thrifty, upright grower, very hardy and productive; a fine shipping and market variety.

SOUR VARIETIES

EARLY RICHMOND. A fine, large light red Cherry. Ripens 10 days earlier than Montmorency; fine canner.

MONTMORENCY. Everywhere the most popular. Tree strong, thrifty grower, making a large symmetrical head; fruit is medium size, dark red, melting, juicy, sprightly acid flavor and is especially valuable for cooking purposes.

Favorite Raspberries

SODUS. Largest size purple-black Raspberry. Wonderful producer and good for home or market. Resistant to drought. Berries of fine flavor and sure to please.

ST. REGIS. Everbearing Red. Brings a double profit as its bearing season is long. Berries of delicious flavor and wonderful form.

NEWBURGH. New variety of great promise. An introduction of New York Fruit Testing Station. Hardy and productive in all sections of the country. Berries large, bright red, and of fine flavor. Hold up well for shipping.

LATHAM. We might well use this whole page extolling the merits of this wonderful berry, which we regard as the finest ever introduced. Berries of extremely large size, and when ripe are a beautiful bright red in color. The hardiest of all Raspberries, growing well and producing abundant crops even to the Canadian border. Flavor is delicious and crop is remarkably heavy, sometimes extending over a month. In every way Latham stands supreme.

CUMBERLAND. Largest Blackcap Raspberry grown. Plant is an unusually strong grower and heavy bearer. Berries are very large, sweet and juicy, keep well for market and hold shape in cans when cold-packed.

Eldorado Blackberries

BLACKBERRIES

Blackberries do best on good soil, clay and sand mixture preferred. Plant in rows 6 feet apart and 2 feet apart in the row. 3500 plants are required per acre. These berries always bring top prices on the market and return a handsome profit.

ELDORADO. Largest hardy Blackberry grown. Free from rust and the best money-maker. Canes grow upright and sturdy. Fruit ripens in July and continues over a long period. We offer only the one variety as it is the only one which has proven to be generally satisfactory under all conditions. Beware of Erie, Wilson, Jr., Lawton and their like; they will not stand our winters. 12 for 60c; 25 for \$1.00, postpaid. 100 for \$2.50; 500 for \$10.00; 1000 for \$18.00, by Express.

HANSEN'S BUSH CHERRY

An ornamental shrub producing delicious fruit; easy to grow; perfectly hardy anywhere. This valuable introduction is the result of over thirty years research and selection work by Prof. N. E. Hansen of South Dakota State College. A shrub which is very effective in any landscape planting and which bears delicious fruit of good size and excellent flavor. A sure, heavy yielder, starting to bear the year after planting and continuing year after year. Fruit is wonderful to eat right from the bush; makes superb jam, or clear, sparkling jelly. Perfectly hardy anywhere. They always retain their dwarf stature. Heavy, 2-year size, 50¢ each; 3 for \$1.25, postpaid.

BOYSENBERRY

The highest quality bramble fruit. A cross between Youngberry, Blackberry and Raspberry. Combines the best flavors of all three. Easy to grow and produce a large crop. Berries are 2 inches or more in length, have a tangy taste and are dark maroon in color. No. 1 plants, 6 for 50c; 12 for 95c; 25 for \$1.70; 100 for \$5.50, postpaid.

Raise Your Own Berries

At a Cost of Less Than 1c a Quart Easily Grown

For home use or market, Krider's husky plants give you the ideal start in strawberry raising. Best varieties, finest quality; priced right.

Krider's Selected STRAWBERRIES

DORSETT. 6,640 quarts to the acre. This new variety was originated by the United States Department of Agriculture. It is a scientific cross between the Premier and the Royal Sovereign, an English variety. Dorsett is one of the firmest berries known and has a dark green foliage, holding the color through the season. Dorsett berries are larger than Premier. Color is bright red and retains color long after picking. 25 for 50c; 100 for \$1.00, postpaid. 500 for \$3.50; 1000 for \$6.00, by Express.

FAIRFAX. The quality berry. Another late introduction, like Dorsett, by the U. S. Department of Agriculture. Very good foliage, which means a good fruiting berry. Berries are large and a little darker than Dorsett. Good quality, splendid shipper, a wonderful keeper. 25 for 50c; 100 for \$1.00, postpaid. 500 for \$3.50; 1000 for \$6.00, by Express.

NEW GRAND CHAMPION. The universal favorite of commercial growers. Vigorous, hardy, extra early, self-pollenizing. Less affected by drought, rain or frost, than any other variety. The robust plants with long roots, heavy crowns and many runners develop wide solid fruiting rows and ripen heavy crops of large uniformly bright and flavorful berries. This is the fresh bright berry so popular on summer markets, bringing 65 to 95 cents more per crate than common varieties. 25 for 50c; 100 for \$1.00, postpaid. 500 for \$3.50; 1000 for \$6.00, by Express.

PREMIER. A money-making, frost-proof Strawberry; hardy, productive, very beautiful and attractive. Succeeds everywhere, never fails to produce a big crop every year. There is a greater demand for Premier plants for commercial planting than for any other early variety. An excellent shipper and canner. Sells for fancy prices on the market. 25 for 50c; 100 for \$1.00, postpaid. 500 for \$3.50; 1000 for \$6.00, by Express, not prepaid.

SENATOR DUNLAP. Perhaps no other Strawberry is so favorably known throughout the country generally as the old reliable Senator Dunlap. It enjoys the distinction of producing full crops in a wider range of soil and climate than almost any other variety. Fine for both home and commercial uses. 25 for 50c; 100 for \$1.00, postpaid. 500 for \$3.00; 1000 for \$6.00, by Express.

BIG LATE. Extra late pistillate (female). Best late Strawberry ever put on the market. Has received more compliments and praise than any other extra late variety on record. Absolutely dependable. A splendid shipper and a wonderful keeper. Big Late should be planted with another variety for fertilization. Any of the varieties on this page will prove satisfactory. 25 for 50c; 100 for \$1.00, postpaid. 500 for \$3.50; 1000 for \$6.00, by Express.

Gem MODERN EVERBEARER

The Last Degree in Strawberry Perfection for Size, Color, Flavor and Productivity

A mouthful of melting, flavorful Strawberry deliciousness. The New Gem holds those qualities from the first spring ripening until cold weather, never getting that "grassy" flavor common to other varieties. Fruit is very large and uniform from the first picking until the last. So firm that it will stand an unusual amount of handling and hauling. Even 36 hours after picking the New Gem is in good condition, firm and solid. Very hardy, resistant to drought and leaf-blight. Good plant makers on any soil and, although the plants are somewhat smaller than Senator Dunlap, they are every bit as prolific. Produces large crops the first season. Berries ripen clear to the tip and color all the way through. Prices of New Gem: 25 for 50c; 100 for \$1.25, postpaid. 500 for \$5.00; 1000 for \$9.00, by Express.

FAMOUS EVERBEARER GIANT MASTODON Fruit 90 Days After Planting

The Giant Mastodon is of immense size, a sure cropper, of choice quality and an extremely vigorous grower. These fine qualities make it much prized by those who grow berries for market. Starts bearing early in the season and continues to bear heavy crops until long past frost. A beautiful bright colored berry of fine flavor. Prices of Giant Mastodon: 25 for 50c; 100 for \$2.00, postpaid. 500 for \$10.00; 1000 for \$13.50, by Express.

Best Black or Blue Varieties

CONCORD. One of the most popular and reliable Grapes ever grown. Bunch is large, compact and well shouldered. Berries are large and round, almost black in color with blue bloom. Juicy and delicious with a very sweet, buttery flavor.

MOORE'S EARLY. A large Grape ripening about a week earlier than Concord. Rapid grower. Berries large and of excellent quality. Makes a good moderate yield and is valuable as an early Grape.

WORDEN. Seedling of the Concord, which it greatly resembles in appearance and flavor, although the fruits are somewhat larger. Ripens several days earlier than the Concord and has earned a fine reputation among growers for its dependability.

Best White Variety

NIAGARA. Occupies the same position among the white varieties that Concord does among the blacks. Bunch and berries are large, greenish white changing to pale yellow when fully ripe. Skin is thin but very tough, making them ideal for market use. A reliable cropper and good yielder.

Best Red Varieties

AGAWAM. Bunches are large and well shouldered. Berries large, reddish brown, tender, vinous and of excellent flavor. Very vigorous and productive, and one of the best of its class.

DELAWARE. The bunches are small and compact. Berries are small, with thin but firm skin. Flesh is juicy, very sweet, and of the finest quality for both table use and wine making. Ripens early. Vines are hardy, very productive and are moderate growers.

Newer Varieties

CACO. A new extremely early red Grape. Fruit extra large, the bunches are compact and of good size. Flavor is of the finest. Fruit is sweet and juicy. The finest introduction in red Grapes. Heavy, 2-yr. vines priced at only 25c each, postpaid.

PORTLAND. The newest white Grape and the first to ripen of the Grape family. Individual Grapes are larger than the Niagara and are sweet and luscious. Order this great new variety if you want the finest in white Grapes. Nice, heavy-rooted, 2-yr. vines, only 25c each, postpaid.

FREDONIA. The great new early bluish black Grape which has taken the country by storm. One of the largest, sweetest and finest Grapes which has ever been introduced. Nice, heavy, 2-yr. vines, only 25c each, postpaid.

Spring's First Delicacy ASPARAGUS, Martha Washington

The first vegetable to come up in the spring garden. The Martha Washington variety stands supreme for its growing habits and delightful flavor. 100 roots will supply the average family and will last for years. Set 10 inches apart in rows. Spread the roots out in the bottom of the holes and tamp soil firmly. Plant so that there is about 2 inches of soil over the crowns of the plants. 2-year-old roots, 50c per doz.; 100 for \$2.50, postpaid. 1000 for \$10.00, by Express.

"RED GIANT" RHUBARB

Every home garden should have a few stalks of Rhubarb. In early spring it provides a fresh sauce or pie that cannot be equalled. Fine for health and a balanced diet. We offer the famous Red Giant variety which grows rapidly, has a delightful flavor and cooks beautifully into a clear pink sauce. Get your roots now and start cutting your own Rhubarb next spring. 10c each; \$1.00 per doz., postpaid. 100 for \$5.00, by Express.

Money-making PEACHES

Early Varieties

EARLY ELBERTA. Same fine qualities as Elberta, but ripens about a week earlier.

ROCHESTER. (Freestone.) Early midseason. Color lemon-yellow changing to orange-yellow, blushed with deep red. Skin thick and tough. Yellow flesh stained with red near the pit. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

SOUTH HAVEN. (Freestone.) The great hardy Peach for cold regions because it stands 10 degrees colder weather than any other Peach grown. Large yellow freestone, as large as Elberta and a week earlier on the market. Of all Peaches for Indiana markets this rules supreme. Plant Elberta and J. H. Hale with it for commercial purposes. All yellow, all freestone, all money-makers.

Midseason Varieties

CHAMPION. (Freestone.) Large, round, quite regular, yellowish white, mottled with red on sunny side, flesh white with red at the pit; one of the best in quality. For nearby markets and home use it is the best variety we know of. A good healthy grower and hardy in fruit bud. The fruit ripens from 20th of August.

ELBERTA. (Freestone.) The great market Peach. Perfectly hardy in the North. Many consider it the best all-around Peach; lemon-yellow color with blush on sunny side. Flesh pale yellow, tender and juicy. Tree vigorous. An excellent shipping Peach. September.

GOLD DROP. (Freestone.) The almost translucent golden colored flesh of this Peach renders it exceedingly attractive in market, where it sells at highest prices. The tree is hardy and bears early; profitable. Late September.

GOLDEN JUBILEE. (Freestone.) A choice freestone recently introduced by the New Jersey Experiment Station, already popularized and given a high rating. Tree habits and fruits resemble Elberta. The skin is yellow with red blush; flesh golden yellow; tender and sweet.

HALE-HAVEN. (Freestone.) In this new, hardy, rot-proof Peach, almost as large and fine as the Elberta itself, we have a peach of great market value, a large, roundish Peach, with yellow skin, red blush on sunny side, yellow flesh; tender and melting; rich, sweet, and of superior flavor. A big, early yellow-skinned Peach of high quality, is sure to be in great demand. September 1st.

J. H. HALE. (Freestone.) Fruit averages one-third to one-half larger than Elberta, ripens about five days earlier and is superior in flavor. Color a beautiful golden yellow with deep carmine blush. Does well over a wide range of territory and worth cultivation. September 1st.

ORIOLE. (Freestone.) Yellow Peach of first quality, recently introduced in the East. Bore its first crop here the past season.

"JAPAN DREAM" Earliest Freestone

BEARS CROP SECOND YEAR AFTER PLANTING

A truly outstanding Peach. The result of years of the most careful observation and selection. This is the earliest ripening yellow freestone Peach grown today. Brought to Northern Indiana by Mr. D. A. Davis. Has proven to be a real money-maker. Ripens its crops in July before any other variety of Peach comes on the market. A very sweet, tender, and excellent flavored Peach. Golden

yellow with red markings carried to the pit. Extremely hardy, standing severe winter weather and seldom failing to produce an abundant crop. If you want a Peach for commercial use or for home orchard we recommend Japan Dream. Needs thinning to get size.

SENSATIONAL NEW REDELBERTA

**U. S. Plant
Patent
No. 232**

**RIPENS 10 DAYS AHEAD OF ELBERTA—RICH RED
COLOR SELLS FRUIT ON SIGHT**

In the Redelberta a valuable new Peach has been discovered—or rather an old favorite variety has been greatly improved.

Identical with Elberta in tree and fruit, except that the fruit ripens approximately ten days earlier than common Elberta and has double the red color.

A true bud-sport which was discovered in 1928 and which was carefully tested for ten years under all conditions before being placed on the market. Has all the good qualities of its parent, plus its exceptional color and early ripening habit.

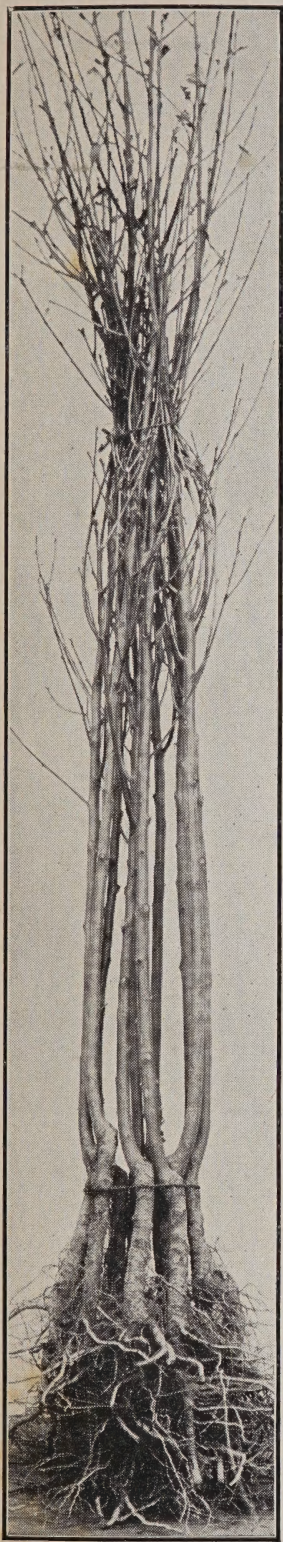

We are the only nursery in Indiana licensed by the introducer to grow and sell these Peach trees. They may be shipped into every state east of the Rocky Mountains.

Heavy rooted, 4 to 5 ft. trees, each, 60¢; 12 for \$6.00; 25 for \$10.00; 100 for \$30.00, by Express.

Ocean Spray —

Ocean Spray

On a trip along the west coast in 1935, Mr. Krider found a shrub growing along the roadside and along the drives at the base of Mt. Hood and even up the mountain side to the snowline. This shrub has the habits of the *Hydrangea P. G.*, pyramidal in form, flowers of a creamy yellow, blooming in such profusion that the people of Oregon called it the Ocean Spray. It is the most graceful shrub and one of the most predominating colors, creamy yellow, that Mr. Krider has ever seen growing. He gave a contract for growing 5,000 plants by cuttings to one of the largest nurseries at Portland, Oregon, and out of the five thousand cuttings less than three hundred plants were developed. In 1936 a new way of propagating this plant was discovered by another nurseryman at Portland, Oregon, and at this time we have 5,000 branched plants in 18 to 24 inches to offer the trade in blooming size. This plant in bloom was acclaimed by the American Association of Nurserymen at the convention at Portland, Oregon, in 1939, to be the outstanding shrub on the west coast. This shrub has proven hardy throughout all sections of the country wherever it has been tried in an experimental way. We offer the Ocean Spray in blooming size at **75c; 3 for \$2.00, while they last.** Any customer of ours buying this shrub, or any shrub which we introduce, who is not satisfied at any time can always get the amount they paid for the new plants replaced in any other stock from our catalog. In other words, there is no risk in being the first to have this wonderful shrub in your neighborhood. A credit memo will be issued you if you are not more than delighted when the shrub blooms.

Milwaukee, Oregon, April 19, 1940.

Just a few lines to let you know how well pleased I was with the *Magnolia Soulangeana*. It started to grow right away, and now it has a large bloom open. I also want to acknowledge the gift of *Gladiolus* bulbs you sent. Must say the moss packed around the *Magnolia* tree was just nice and damp.

MRS. O. A. O.

Fruitland, Idaho,

March 22, 1940.

I have bought some from you for the past few years and while I buy Portland, and west coast and middle states I wish to say that I have never received plants in finer condition than those that came from you and seldom as good.
